VAR (Visible Age Reverse)

£125

Course of 4 recommended.....(ask for current promotion)

VAR is a non-invasive, results driven alternative to aesthetic procedures that helps to delay the ageing process. It is a world exclusive that can only be found in approved Guinot Beauty Salons.

Created and developed by Dr. JDM, this revolutionary aesthetic innovation makes it possible to make the skin visibly younger in 30 minutes thanks to its expert protocol. Stimulation of epidermal regeneration by the Age Influx concentrate, smoothing of the skin by the Vibrolissante applicator, then equalization of the dermis by frequency via the Vibrodermie applicator: three essential steps that allow to visibly and durably fight the signs of skin aging.

The age influx concentrate rapidly increases blood flow bringing more oxygen, energy, amino acids and vitamins to the skin cells. The machine aids the penetration of the concentrate as well as boosting the lymphatic system to help decongest the skin tissue, sculpt and firm the facial features.

Vitamin Injections
